Well I am pleased to report that we had a very good Hash through the woods at Plymbridge.

However there were some strange happenings concerning women, the Plympton Tarts known for shortcutting now have another objective if they are going to fall on someone it has to be a woman, funny I wondered why a local Girly was seen running in the opposite direction to us. Then we have Aguilles who had arrived back with blood coming from a nasty Scratch, muttering something about Barbie?? Was that who I saw running away?? Strange!!!!

It was also noted that we seem to have become a Hash with lots of excuses not to participate or generally moan? So its name & shame time.

Scupper Sucker Injured, didn't stop him frolicking off to the Pub stopping on the way to admire 2 Roe Deer Stags strutting their stuff, If only !!!!

Slush a regular shortcutter used the excuse of his shoe fell apart, Answer put your hand in your pocket and buy New ones!!! .

Naughty Boy, was concerned over the deep river crossings but at least he had a go, myself & Sturmer did a least 6 so we know what you're saying, Honest !!

Following on from this a special mention has to go to NIPPLE DEEP , next time you do the Hash mag , keep it clean your works system won't block it , will it????????? Oh Heck not printed mine yet????
