Dear Tim,

Joint Master eh? For a moment I thought you had gone all 'unting pink and tally Ho Yoicks... and so I despaired!!! but then I read the Hash Harrier line and I knew all was well with the world!

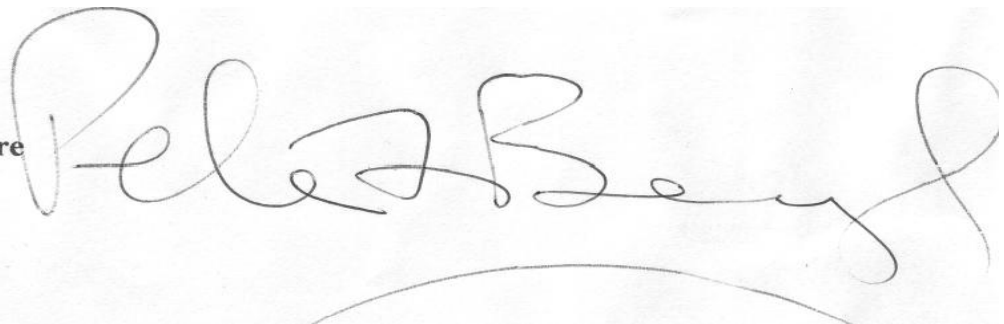

First will you accept this letter as a formal receipt for the superb donation of **£128** which of course as I assume you are a tax payer... that will come up to over £150 - a most worthwhile donation and please make sure that all your runners get to hear about the Clinic's most grateful thanks?

Do not hesitate if you have reason to come Bristol ways to call on us. South Brent brings back some happy memories for years ago when I was involved in Riding for the Disabled Charity - there was a most helpful, generous, charming owner of an active R.D. Club in South Brent and I used to visit them. That was when four legs took over from two legs and before I could also afford two motorised wheels to keep up with Beryl. (Her bike is faster than mine!!!)

Nice to chat... take care

Kind regards,

Peter and Beryl Shore
