Last week's hash was top, thank you to Giani and Biff. No shandy though which is poor game. A select few were offered random things but nothing to Hot Rocks which inspired Tart of the Week. Also thank you for organising the cracking view from the top that Dirty Oar managed to get, check out Facebook for the great pictures.

We would like to take you back a few weeks and introduce you to someone who ran the Burrator Horseshoe who looks a great deal like our very own Ginger Rogers. When Ginger started with us he had about 4 different names on the register that Pimp needed to clarify and its happened again.

I hereby propose a name change, suggestions to Hot Rocks please.

Speaking of the Horseshoe, we heard that Nipple Deep hadn't been captured during the race so we asked our friends on the Meavy Oak Fair committee and they came through for us....
