Ground breaking news! The long, wait for it, was LONG! I know right, who'd have thought it? Mind blowing stuff.

Half the shorts disappeared off into the distance, some almost criminal shortcutting there! The last we saw of them was their heads just bobbing along, up a field and down the other side of a hill. How could they do that to us? Abandoning four to fend for themselves! So many things could have happened, such dangers! Von Trapp was sure he saw a mythical creature. Rumour being it is was a Unicorn, but who can say for sure? He's just as crazy as the rest of them! We're almost certain Smaug was on vacation from the Lonely Mountain so he might have popped in for a visit, a little walking holiday. Who can tell? I'm no Hagrid after all.

Dildo Baggins was crowned as Daft Clucker or Duckhead, call him what you will but the list of titles bestowed upon his Royal Highness shall continue to grow. HRH Dildo Baggins, The Daft Clucker, First of His Name. Bow down to his Majesty!

There was some talk of revamping the Pub, there was some measuring and a couple if

ideas pitched but the winning idea was ..... MONKEY BARS! Changing Rooms comes to Lydford, you have been warned!

All laws of nature were defied when Dodo was spotted with his box of eggs, believed to be his own. Distributing his freshly laid eggs out amongst unsuspecting hashers, is he trying to stage the comeback of the Dodo? Could Devon be facing an invasion of formerly extinct wildlife? Someone must stop him! Call Hagrid! We need an expert on these things!

New Names New Names! Two New Names! Now calm down, I'm just getting to that! Contain your excitement people! Abi has been christened 'Big Drawers' and Emily being named 'Thriller'.

Apparently fascinators are in this season, the Supreme Chief sporting a fabulous number in purple. Straight from Milan or some such place, designed just for her. A one-of-a-kind piece, never to be seen again in public. Grab your fascinators ladies, the more vibrant the better, this seasons must have item!

### Summer Solstice Saunter 21<sup>st</sup> June
