As I will not be there this evening, I have decided to dedicate this hash mag to a little history of my memories of 2002. I hope you enjoy it (and if you don't like it then please return the comment slip below)

The history of 2002

- The affirmation of Raunchy's love for Dartmoor happened when she completed Junior Ten Tors (and 16 years later becomes the 1st person to lead JTT having walked it themselves!)
- It was the start of a new and exciting time in Raunchy's life, the year she started big school. Forever hating her Mother by being dressed in navy ankle swingers and an oversized jumper, not mentioning the nest of frizzy hair...
- Falling in love for the 1st time with Lord of the Rings' Aragorn and the boy band Busted in the same year.

In hash news:

It was a wonderful 2001: a hash oddity with many a leg being tethered.

Top prizes go to Scrotey & Gannet and Knoblass & Hob Knob for being the only pairs who stuck with it until the bitter end and made Lost proud. It was good to see so many people attempt to make an effort and then give up (me included).

Hope everyone has a wonderful Christmas and a Merry New Year! Please enjoy the colouring.

Events:

Christmas Eve hosted by Pony and Von Trapp in Clearbrook
